Group hike - Romero Pools

We will be hiking to Romero pools for the on trail clinic. Please note it is a steep climb to get to the pools so we will be stopping to talk products along the way. Our goal will be to talk about the packs being carried and shoes being worn. If there is water, we will practice using MSR, Grayl and Platypus water filters and purifiers. We will have a demo pack from Osprey and Gregory as well as shoes from Oboz and Vasque.

If you need to borrow any gear, please contact us in advance so we can plan accordingly.
